Collectible Miniature Cars (Collectibles)

Synopsis

You can't tell the men from the boys by the size of their toys after all. The miniature car is one of the most popular and enduring toys, almost as old as the machines that inspired them. Some are veritable miracles of technology in miniature, with functioning headlamps and front-wheel drive; others are lovingly crafted to a fine level of detail, with real leather seats and handpainted finishes. Some rare older models are today literally worth their weight in gold, especially if the packaging is intact. *Collectible Miniature Cars* is a charming trip through the world of the toy car, featuring over five hundred photographs of cars, trucks, and utility vehicles, both vintage and modern, from all the leading toy car producers, such as Dinky, Marklin, Bing, Schuco and Meccano. The book is divided into themed chapters covering family cars, sport coupes, racing cars, and utility vehicles. Each photograph is accompanied by a brief yet informative text giving the key features of every toy, and the volume is completed by a buyer's guide. This attractively designed book is the perfect choice for all toy car collectors, and those who have never quite forgotten the joy of owning a brand-new, shiny miniature car, and imagining the hours of pleasure it will bring. * Over 500 items reproduced life-sized in color in each title* Features both rare and frequently found models* Includes bibliographies and useful addresses to find out more

Book Information

Series: Collectibles

Paperback: 384 pages

Publisher: Flammarion (May 17, 2002)

Language: English

ISBN-10: 2080107186

ISBN-13: 978-2080107183

Product Dimensions: 5.5 x 1 x 5.4 inches

Shipping Weight: 1.2 pounds

Average Customer Review: 4.0 out of 5 stars [See all reviews](#) (3 customer reviews)

Best Sellers Rank: #2,556,771 in Books (See Top 100 in Books) #65 in [Books > Engineering & Transportation > Transportation > Reference](#) #517 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Transportation](#) #668 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Dolls, Toys & Figurines > Toys](#)

Customer Reviews

There really isn't a vast quantity of books out there for toy car collectors that are well illustrated. This

is probably the best one I've ever seen and it covers toy cars from a range of manufacturers. While it doesn't offer valuations they are something that can change frequently so this really doesn't matter. The pictures are superb and the examples are mainly 1:43 scale which is probably the scale popular with most collectors. I highly recommend this book!

The content of this book was great, with pictures and descriptions of lots of old model cars. However, the book had obviously been read by someone before, since the front cover was deeply creased at the point where it bends when opened, and the cover had several very noticeable black smudges. This was purchased as a gift just prior to an urgent unexpected trip so there was no time to return it for a truly new copy.

It's got big and great pictures of many cars but it lacks so many other models. As a complement of other detailed catalogues it is a great book.
