This book was wonderful from the starting page to the last page, and it made you want more. The characters were engaging and the plot was definitely believable nothing was completely off the wall. The ending felt natural and appropriate for the characters. I'd love to read more by this author as well as more stories about these women. Great book!

This is a really great book! Well-written, good character development and a storyline that is plausible. There are a lot of really sexy scenes, which would be expected of an erotic book, and they are written so well and with such vivid imagery that you can almost imagine that you are there! I read this book on a train ride home from work the other day and was so engrossed in it that I almost missed my stop! My partner was VERY happy when I got home, though... we'll just say that much. Five stars!

Human as we are, we tend to do things out of control and some times to the point of regreting afterwards. But sometimes the decision we make are worth it that leads to a consequent action and personal satisfaction. The stories written in this book contain wild and exciting events that can possibly happen in the real world scenario. I like the short stories being well formulated to captivate the mind of its readers and stimulates the imagination to visualize the scenes whilst reading. Good read!

Wow, these confession took me on an exciting ride every time. I really loved the on going theme of stories that are taboo and are finally told through these short stimulating stories. The writers did such a great job with the emotion and body thrilling encounters that these girls had. I really enjoyed Clara & Tiffany's encounter after a shower shortly before one of her parents came home. Something about that suspense that gets me excited for more. Waiting for the next couple of stories!

This lesbian erotica is great to enjoy romance. If you are a romantic story lover, surely you will enjoy it. There are many hot scenes within the book. Two roommates make sexual relation and enjoy it much. Within the book there are many wild and exciting events that can make you hot and can give you full enjoyment. The book is surely entertaining for everyone. Good book!

Hot! all i would say that at first i thought this book will be a boring book for me, but i was wrong, the book proved itself. i like how the characters portrayed their roles. however, the plot of the story has a lot of twists and surprise. the girls in the book were really a wild girls. i find their characters so hot and sizzling interesting.

This book seemed very interesting to me and I find this erotic book quite entertaining. The plot was very well structured and perfectly made. The stories are very sexy and erotic. Itâ ™s a lesbian sex book, but it has a lot of well created stories also. You will find this book attractive when you will go

through all the full 14 stories. Itâ <sup>™</sup>s good to think beyond the boundaries sometimes and break the rules. I recommend this book and I know it will not waste your time and money.
