Finding Home (Finding Series, Book 1)

Synopsis

"I've done everything wrong, Finn. From day one. It was the only way I knew how to be with you and still be worthy of you. But I see now that I never really was." --Callan Vengeance. It's the one thing on ex-cop Rhys Tellar's mind and he's spent every day of his two year prison sentence planning how he'll bring down the former lover and partner who sold him out and cost four people their lives. A six month parole stint working at the CB Bar Ranch in Southwestern Montana should be the easiest thing he's ever done. But the last thing he expects is to feel something for both the charismatic ranch hand who befriends him and the enigmatic foreman who's pretending to be something he's not. A future. That's what Finn Stewart wants, but to have it he must leave behind the man he wants above all others, his very straight boss and best friend, Callan Bale. As the only openly gay man in a small, homophobic community, Finn has to fight every day to be who he is and walking away is starting to seem like the easier path. Until Rhys Tellar shows up and changes everything. A Lie. Callan Bale's entire life has been about hiding the man he really is and it's about to cost him the one person who's managed to worm his way past the walls he's spent years putting up. But choosing Finn would mean giving up everything he's worked for and breaking the promises he's made. At least losing the younger man to Rhys means Finn can have the life he deserves. Three men. Three choices. One chance at finding home. Note: This book contains M/M/M sexual content and is intended for mature audiences***This is Book 1 in the series, but can be read as a stand-alone story - no cliffhangers.***Book 1 - Finding Home (M/M/M)Book 2 - Finding Trust (M/M)Book 3 - Finding Peace (M/M)Book 4 - Finding Forgiveness (M/M)

Customer Reviews

There aren't that many MMM books out there. And of those not that many worth the time. This one was. It was a short, heartwarming story about three guys trying to find home. And themselves. And found each other in the process. Sweet, beautiful Finn. The younger of the three, ostracized by the small minded people in town for being who he is. He's lost of sorts... doesn't know how to start living. Hot, struggling Callan. Robbed of the chance to be himself by force, he's fighting a never-ending war inside himself, failing at finding the courage he needs to just be happy. And sexy, strong Rhys. A man in search of a second chance to life. He gets to Cal's ranch looking for a job and after turning both Cal and Finn inside out, what Rhys finds is a home. In these two tortured, sweet, beautiful men. They are so hot together that I want to read this all over again. Fcking hell these men were smocking! And it's a short story but still you feel the buildup to their feelings for each other. I think cause the story shares all of their POV, keeps switching. That makes you feel the connection to one another. And to you. You get to feel how they saved each other, from themselves mostly. And they get a most needed and deserved HEA. It was captivating. I loved every minute of it

This review covers Book 1 and Book 2 of the Finding Series. It's not a lazy man's way out--it's just that if you grafted Book 2 onto Book 1's ending, you'd have a longer book, and you do need a break after the first one to catch your breath, if not your perspective. "Finding Home" brings us the usual angst of three gay men who do not know anything other than to hide the fact that they are deeply attracted to each other without any of them knowing because, well, a ranch in homophobic Montana is a hell of a big closet. The way Ms. Kennedy gets Rhys and Callan and Finn to not only notice, but also interact, with each other brings fire and brimstone down on them, of course, when word leaks out. This is especially true after the new veterinarian in town, widower Dean Winters, comes out publically in a superb confrontation at the local general store--with his baby daughter virtually in his arms. This is a heck of a speech, and it proves to be the crucial page in both books, because Dean's story is expanded upon and fully developed in "Finding Trust." Heck of a two-book set.

I really enjoyed this book. I found the MC's x-cop e-con Rhys, Cowboy's Cal in the closet & Finn out of the closet, super hot! The story was well written and a great read for me. These guys are strong but caring of each other yum! Three guys working at finding happiness no matter the hate bigotry and destruction they have to overcome to make a life together. Looking forward to Dane & Jax's story. Love the cover!!!

Wow, what a great start to what looks like will be an awesome series!! Loved the story line, loved the characters, woo where these men hot! Loved their dialogue and the descriptions to details were done nicely. There was a lil bit of mystery, a lil bit of deception, a lil bit of heart ache and a whole lot of m/m/m sexy bits. They were HOT! As in chair squirming hotness. Break out the fans or other things if you see fit. Emotions flowed and tempers flared with this one. Thankfully we got a HEA as well. This was written as a multi pov and can be read as a stand alone. All in all, a fanfreakintastic read. Would I recommend this book? Yes! Would I read more from this author? Yes! Sassy Beta Reading & Review

I absolutely love books with 3 leading men, especially when they are as heartwarming as Finding Home. Finn stole my heart and kept it all throughout the book. Callan broke my heart and Rhys wormed his way right between the two. Loved it and the series.

I really enjoyed this story and had me wondering throughout what was going to happen next and how were they going to deal with it. This book is a winner and I will definitely read the next book in this series. I find it difficult at times to locate Sloane Kennedy's books and hope this problem will be corrected not only on but the other book sites too.

This book is cranked in overdrive with the WOW! factor. Menage done right! And did I mention...Cowboys? This is a beautifully written story. Fantastic characters and a true love story. Although the story is done often, the closeted gay man, the homophobes in a small town, etc. It was done right. Man, when Callan comes out, he comes out strong! The love between these three men was believable and had me pumping my fists in the air more than once. They are absolutely fantastic together! Worthy of many rereads. This is a definite comfort read for me! 5 stars Now onto Dane & Jax's story!

It's rare to find an MMM story that is actually a story, and a romantic one at that, rather than just some 10 page erotica with horrendous editing and no plot. This was far from that. There were a few things that were a bit of a stretch for me. For instance, the insta-lust that had Rhys & Finn practically in each other's pants in less than a day, when Finn had never touched any man up til then. He hadn't even gone out of town to find someone discreetly as Callan had done in the past. Also, Rhys being so hot that Finn slept with him after 24 hours and Callan making out with him after maybe a week when he'd been able to resist the man he loved for almost a decade. Lastly, because Finn forgave Callan & Rhys long enough to have sex, but then decided to be angry again and run away. Other than that, it was all good. Not enough editing issues to make a big deal about. I'm willing to read the next story in the series.
