Julia Willis's REEL TIME is perfect for a lazy, rainy Sunday. Laney is very likable and witty and her takes on things from classic films to dogs to love and life will have your stomach shaking and your head nodding. It's like spending time with a favorite friend. A big plus for fans of old movies, Willis' references to such movies as BRINGING UP BABY and NOW VOYAGER make you smile!

This book is about a period of time between love affairs in a lesbian's life. It was funny, witty, just one of those books that you feel comfortable reading and is easy to identify with. If you need a book to take your mind off of things and just lay back and relax, that's the book.

This book follows the misadventures of Laney Tuttle as her girlfriend dumps her, she finds a new place to live, her new roommates try to set her up on blind dates, she falls for a mystery woman, and the movie theater where she works closes for good. The story is well-written and parts of it are very funny. However, at almost 350 pages, the book itself is long winded and boring. I gave it 3 stars because of the author's wit and humor, not her story-telling ability. Recommended for reading on a long trip, accompanied with a large pop and a bag of microwave popcorn.

If you've ever dated an ex-therapist, moved in with a lover after only 2 weeks, shared custody of a pet, or lived with a roommate who wouldn't let you keep alcohol OR chocolate in the house because her lover was recovering from both alcoholism and food addiction, then you'll recognize yourself in one or more of Reel Time's cast of characters. If you don't love Laney and her friends and lovers, then you'll love to hate them.

Total fun, especially for the movie obsessed. I mean, can you look at that cover and not want to open it. I read it practically in one sitting and had a great time, wanting to while away many more hours with the characters.
