# World Textiles: A Concise History (World Of Art)

## Synopsis

The history of textiles, more than that of any other artifact, is the history of human ingenuity. From the earliest needles of 25,000 years ago to techno textiles used in Space Shuttle parachutes today, textiles have been fundamental to human existence and achievements, and have informed developments in other areas from agriculture to metallurgy. Textiles are global commodities, common to every culture and for a long time the motivation for trade, the exchange of ideas, and sometimes even conflict. Silks from China, carpets from Persia, ikats from Indonesia, cottons from India, fine linens from Flanders--each of these has helped to shape the modern world. This groundbreaking book surveys, from prehistory to the early twenty-first century, how textiles are made, what they are made from, how they function in society, the ways in which they are valued and given meaning, and the messages they contain. The author shows the intricate relationships between different cultures' textile traditions and demonstrates the significance of the materials we all take for granted in our everyday lives. 204 illustrations, 100 in color

## Book Information

Series: World of Art

Paperback: 224 pages

Publisher: Thames & Hudson (June 2003)

Language: English

ISBN-10: 0500203695

ISBN-13: 978-0500203699

Product Dimensions: 6 x 0.7 x 8.3 inches

Shipping Weight: 1 pounds (View shipping rates and policies)

Average Customer Review: 4.8 out of 5 stars [See all reviews](#) (6 customer reviews)

Best Sellers Rank: #79,358 in Books (See Top 100 in Books) #3 in [Books > Engineering & Transportation > Engineering > Materials & Material Science > Polymers & Textiles](#) #36 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Weaving](#) #62 in [Books > Arts & Photography > Decorative Arts & Design > Textile & Costume](#)

## Customer Reviews

I think this book would be in the library of anyone who collects or designs textiles. Even without the color photos of each type of textile, the information on technique and history would mark it as a frequently used reference.

by adding this book to my library, my knowledge and understanding of the development of textiles has been expanded. and i have some interesting odd ball facts i can throw at friends.

The shipping was super fast, the book was in pristine condition, but best of all, the info in the book was exactly what I needed. It was not a fluffy book about textiles, but a thoroughly researched and well written book. I'll refer to this one constantly. Overall, a fantastic transaction. Thanks much!
