## Customer Reviews

The 8 Week Healthy Skin diet has literally changed my life. I've always had issues with my skin - mostly the dreaded 'spots' but even before the promised eight weeks, I noticed changes, due to improvements in my diet my skin is glowing., thank you Karen Fischer!

It discussed the basic cause of the skin problems and how to go about overcoming them, rather than telling you how merely to treat the symptoms. It also gives you the tools and the plan for changing your habits which have more than likely triggered the skin problem. Very useful information.

I have found info how to take care of my troubled skin not known to me before... Also quite interesting recipes, though I have not tried them as yet ..... Thanks for the book Krystyna

Great book on skin care and overall health!!
