Customer Reviews

Expensive college book for a cheap price, I've had one issue returning an rental before, but it was resolved quickly, easily, and in my favor... I hesitated renting this book. It all worked out really well... easy return with no problems.

This order was just as I expected. I purchased it used, but it was in good condition. I was well satisfied especially with the price. Textbooks, as most of you know, can be extremely high and I was not looking to spend more than I did. I am well pleased and would purchase from this seller again.

A well written book. Easy to understand. The book kept my interest. Very helpful information. Good to read if you are a parent, student, teacher, psychologist, someone that takes care of children.
