Customer Reviews

Clay is incredibly insightful. He's not a psychologist and he's not trying to sell you something. This isn't your typical relationship book where you get advice like "ignore your ex and act apathetic toward them to re-attract them". Everything he talks about makes complete sense; in the

"relationship fizzle out" chapter, it was pretty much spot on with my break up. Clay uses actual examples from his own life and experiences as well as useful tactics on rebuilding a genuine connection with your ex. I highly recommend all of his books as well as the ex solution course. I've learned SO much in just the two weeks that I've taken to learn all of these things and master the relational skills he talks about. Do yourself a favor and give this a read!

Clay points out some interesting things that actually make sense. I have previously read news letters from him - Seems really passionate in wanting to share his experiences and knowledge to help others.

I'm looking forward to putting these skills to work!!! The advise was informative and easy to understand, not cliché... Made complete sense..!! The book gives me hope for my future relationship!!!

This is a good read for someone who recently went through or is still dealing a break up. I could really relate to most of the scenarios explained by Clay. He's spot-on in many cases.
