Customer Reviews

Great. I learned a lot from this book. I am currently still using the book and the information in it. The concepts and approach to yeast seem sound and something to definitely try. The first thing I noticed immediately was that the die-off was tremendously reduced. That in itself is a blessing. The book serves as a guide to follow, information to consider and the book tells you what to watch out for, dosing recommendations, possible adverse results as diarrhea or constipation, etc. Again, great info source on yeast and a solution to approaching the problem.

Very satisfied!!

The author has received rave reviews on her subject matter, evidenced by the popularity of her written work among professionals and the public. Her work is so intense. Pentland is pleased that this author has decided to share her topics of female problems with the general populace. We are proud to present Conquering Yeast Infections...a lifetime work and obviously a goal to bringing this subject matter to light..for women and their doctors. Quite an insightful book....a must read for

women
