I absolutely adore this book! I would be nowhere in my wedding planning without it. To make things a bit easier, though, I took out the comb, three-hole punched it and put it into a 3-ring binder. I also bought some folders and some stick-on tabs, hole punched the folders and organized it all in the binder. Now? Now I carry this thing EVERYWHERE! The lists for inputting information about vendors and reception sites and everything are a GODSEND, and I have tons of photocopies of each of them in the binder. I've ended up with a few other crappy wedding planners, and none of them even compare to this one. I haven't even so much as looked at the other ones since I got this

one! HIGHLY RECOMMENDED!!!

I got this for a gift for my sister-in-law. She is getting married and couldn't find a decent planner. She said they were all too expensive or too uppity with a lot of stuff that she didn't/couldn't use. This was a perfect find. My SIL has been thanking me for the last 2 months!

This has a lot of steps and questions to ask vendors and organize in easy steps, but of course they need to keep it up to date because wedding stuff/information/traditions change but this was actually one of the best guides of all the wedding books I was given.

This planning book saved my life while I was planning. There are lots of chapters giving you ideas, etc. It doesn't leave out a thing.

very nice, organized, and easy planner. I would recommend this planner to other women who are looking to plan their wedding.
