Matthew Robbins' Inspired Weddings: Designing Your Big Day With Favorite Objects And Family Treasures

Synopsis

Matthew Robbins, Martha Stewart[™]'s right-hand wedding expert, approaches each wedding design with an object that the couple finds meaningful, and in this inspirational guide, he shows you how to do the same. In Matthew Robbins[™] Inspired Weddings, Matthew will walk brides through his process of transforming the special into the spectacular by choosing nine objects around which to base a wedding design. Along the way, he will share insider tips and industry secrets that make the difference, allowing every reader to feel that she has imbued her wedding with a bit of Matthew Robbins[™] wedding magic.

Customer Reviews

I was lucky enough to hire Matthew to design my wedding nine years ago. He is approachable and lovely, his work fresh and relevant. This book is a representation of who Matthew is: a designer who cares enough to capture sentiment and generous enough to break down his approach to motivate the inner designer in everyone around him. 'Inspired Weddings' is chock full of gorgeous images and simple ideas. I highly recommend it!

Matthew Robbins' Inspired Weddings is not only a how to in creating beautiful weddings, but beautiful living. Even if you're not planning a wedding, just integrating the creative ideas into a luncheon with friends or a formal dinner will impress your guest. The photography is fabulous and this book would be a lovely addition to any coffee table book collection.

My mother bought me this book after we both saw the article in Bridal guide a few weeks ago. Mr.

Robbins has created a collection of fun and unique themes with out being over the top. I love the wedding inspired by the Portuguese bead as well as the vintage map. If nothing else it is a fun to look through especially if you are looking for floral arrangements.

I have known Matthew Robbins personally for a few years in the event business in New York City, when I recently received his book as a gift for the holidays. All I can say is georgous! The photos are truly beautiful and his personality and vision certainly come through in the pages.Congratulaions Matthew -- I know many brides-to-be will be delighted with their purchase!

I received this book for Christmas and it is absolutely gorgeous! Every time I look through it, I see something new that I missed from the last time I looked at it. Each idea was clearly well thought and I love that all of the details are explained. As a floral designer for weddings and special events, I am always looking for new ideas and Robbins' book doesn't disappoint! I can also see where many of the ideas translate easily to my own personal dinner parties. Thank you for such an inspiring book!

I like that this book showed some unique and interesting ideas paired with sophisticated color palettes, but, I felt that each inspired item that was the focus of each excerpt was so far removed from a wedding reception that the book really should've incorporated more imagery to evoke inspiration in the reader. There were many pages that referenced what the author did here....or what the author used here.....but I didn't see a photo to reference for several pages and the images were very small.I don't think I would necessarily replicate any of these ideas but I do think that the next time I come across an item that really inspires me I would refer back to the process which the author used to break down an items elements and translate them into decor/events

Matthew Robbins Inspired Weddings is a fabulous gift idea for your girlfriend, sister or co-worker that just got engaged. It is also a perfect coffee table book! It is filled with inspirational ideas, that are sure to get their creative juices flowing, when they are starting their wedding planning. The book makes you look at things, like family heirlooms in ways you never looked at them before and sparks the imagination on how to incorporate that special piece into your "Big Day"! I highly recommend this book. It is beautiful inside and out!!

This book is filled with beautiful photos and wonderful ideas. it would help anyone planning for that special day or just an evening with friends. I highly recommend this book.
