Customer Reviews

I am really getting into essential oil combinations and how they can help you. I have an aromatherapy diffuser so I got this book and I am glad I did. It has some great recipes and the way to use them in your diffuser. Some include recipes for colds and flu, sleep apnea treatment, skin and hair treatments such as skin softening and dullness, hair regrowth, dandruff, oily hair. Others such as energizing fat burner, goodbye stress, memory booster cognitive performance essential oil, happy day essential oil recipe, a blend for allergies and a blend for insect repellent are just a few in this book. I recommend you get this book to get these wonderful recipes to try in your own diffuser.

This book is HORRIBLY written! Almost every recipe is missing an ingredient. There is no reference to using preservatives when making the recipes using the water based elements. Totally unreliable source of information sadly.

It had a nice variety of blends, but several list that you add, ex. 4 drops of... and the oil name is missing.
