A Selfless Man: Men Of Manhattan: Book 6

Synopsis

Ryan Carter always hoped his life would turn around for the better. He has a job that he loves, and another one that he hates. Becoming a rent boy was never his life plan, but circumstances forced his hand. When his life falls apart, hunky firefighter Michael Callahan comes to his rescue. Ryan knows better than to believe someone as wonderful as Michael would ever want to be with someone who sells his body. But spending time with Michael gives Ryan something he's never had before. Hope. For months, New York firefighter Michael Callahan has been thinking about the hot guy he rescued while working crowd control during a robbery standoff. His brother is very happy dating a man, and Michael wonders if he's finally ready for a relationship of his own. An apartment fire brings him face to face with the young man who's been haunting him for months. Their friendship starts strong, but will Ryan's alternate life put out the flicker before it has a chance to flame?

Customer Reviews

I was given a copy of this book by the publisher in exchange for an honest review and there will be spoilers |. so |.stop reading now if you aren't the type to like them!.....Okay | it had

been a loooong time since Iâ™d read the others in this series so I had to go back and skim through as kind of a refresher. I hate that, when a continueâ™d series takes so long that I forget what the rest of them was aboutâ | Good thing about reviews I can go back and see who I liked and who I didnâ™t. With this one, this whole series has gotten four and five stars from me, so I figured this one would be as wellâ |.Letâ™s see how it went. I wasnâ™t so sure I was going to like Michaelâ | I DID NOT like him at all back in Caspers book. The way everyone treated him was awful and Michael was no different, although he obviously came around, as did his father; which I was glad about because, how could you not love Casper? Soâ | back to Michaelâ | heâ™s a firefighter and the brother of Casperâ™s ex-fiance that passed away. Thatâ™s how he fits in there since everyone knows everyone in some way shape or form and even though he hints at being straight, constantly referring to not having a wife or girlfriend, he sees this one guy at a bank robbery gone wrong and canâ™t seem to get him off his mindâ |Then he seeâ™s him again when he rescues him from his apartment fire.Thatâ™s where we meet Ryanâ |. Ryan is a student/rentboy plus he works with Casperâ | and if anyone reads my reviews, I just canâ™t get into the whole rent boy scenario. Itâ™s gross to me. I understand people do what they have to do and I know it is a very popular tropeâ | but I just canâ™t get behind itâ |. Still, I found myself really liking Ryan. I felt sorry for him in the beginning.
