## Customer Reviews

The book, "As Bill Sees It", delivers exactly what the title promises. This is a gleaning of the best thinking of the founder of AA. Whether you are well acquainted with AA literature, or simply a curious first time reader, this book is an excellent resource. The text is a compilation from a variety of Bill W.'s works, including letters and talks given as well as selections from the "Big Book", AA's Bible. Each selection centers around a particular topic or theme, and is succinct and thought-provoking. The exhaustive index is very helpful, and guides the reader to other works in which the subjects are covered in greater detail. I recommend this book to anyone who has a desire to stop drinking, as well as to the family and friends of alcoholics who seek a greater understanding.

This was originally titled "The AA Way of Life", but was later changed because the book was the viewpoint of only one man - Bill Wilson. There is a lot of plain basic common sense and wisdom in these snippets gleaned from years of Wilson's writings. It's not bad for use as a reflective reader for daily meditation/contemplation.

This book is a favorite of mine. Can be read as a daily meditation book or read however you like. It's snippets of wisdom to think or meditate on. I attend an As Bill Sees It meeting where we read a snippet or page and then discuss. It's the best meeting I attend.

Nice solid companion reader. Its brief readings are good for the newcomer to help take the program's teachings in smaller bites. Well worth adding to your library.

Great book. Easy to carry along because of it's size. So many good references that provide reminders for correct thinking on so many issues. Shipper is easy to contact.

Excellent reading material. This book definitely will help my understanding of what I practice in my program. The book itself was delivered in excellent condition. And the price was actually less than I would have paid in the rooms.

This title with quotes from the writing of Bill (one of the founders of AA) is essential for the recovering Alcoholic. It can be used as inspirational reading by an individual and it can be used as a base for discussion in an AA group. I have found it helpful and enlightening. And as a Christian, I have found that the words are in agreement with scripture. Not at all "preachy" but very humble with much wisdom. There is an excellent subject index in the front that pulls together the writings on a relevant subject. Each entry is one page long. So this little gem could be used as a "devotional". Highly recommended. Larry

This book is crammed with powerful excerpts from all the great AA Literature throughout the years. I know that it has helped me many of days in my own recovery and I'm positive you'll want to have this at your side. Highly Recommended.
