Customer Reviews

This was a Christmas gift for a friend who is a serious collector of model trains and loves all things train. I was trying to find him an inexpensive gift that wouldn't actually be a model train and came across this book. He was ecstatic. He said he loves reading that magazine and to have that many stories from 75 years of the magazine was amazing. It's so nice to find a gift that someone really likes.

Remarkable book, well written and very moving series of stories for railroader and non-railroader's alike!

Amazing book for any history or train nut

very enjoyable and informative reading

I very impressed with the book

Great book with alot of well known authors through the years and all the different things when Steam was king. These are magazine articles written many years ago.

This was a gift for a lover of trains and he loves it.

as expected & described, I think I have made a good choice but it is a gift so I don't know what its reception will be like or if the stories are interesting (I hope so)
