All 7 secrets will provide you with a plan for a maintainable and sustainable lifestyle. Awaken The Abs Within is about creating a healthy lifestyle. THIS IS NOT a short-term fix/fad program. Here are some of the topics covered in Awaken The Abs Within:

UNDERSTANDING HOW AND WHY YOUR BODY ACCUMULATES FAT You'll be shocked when you read about the top 3 fat fighting misconceptions.

CONTROLLING YOUR BODY'S HORMONES Your hormones play a major role in creating a FAT BURNING or FAT STORING body. You will see how certain foods elicit the production of fat BURNING hormones and enzymes while other foods (which the majority of people probably eat) elicit the production of fat STORING hormones and enzymes.

BALANCED DIET: This the grand daddy of them all: "Abs are made in the kitchen, not in the gym." Your diet is responsible for 80% of your results when it comes to having a lean tight body. To properly burn body fat and build muscle, your body requires the right TYPES of food, the right QUANTITY of foods, at the RIGHT TIMES. You will learn how to apply the TQT nutrition planning principle to your lifestyle. You will also learn the exact types of fat burning foods to eat. In addition to this, you will learn how to create your own sustainable meal plan that doesn't starve you and doesn't make you continuously eat the same boring foods over and over again. You will probably be shocked at how much of the right foods you need to eat and how often you should be eating to lose fat.

BOOST YOUR METABOLISM FOR LIFE You will learn all kinds of secrets that will help speed up your metabolism including why eating smaller meals MORE OFTEN can actually burn more fat. You will never starve when you apply these secrets!

DETOX YOUR BODY FOR FAT LOSS When your body is in a toxic state, it can't efficiently metabolise and burn stored fat for energy. You will learn the 5 categories that cause toxicity in the body as well as simple ways to detoxify your body.

POWER OF BELIEF FOR FAT LOSS This may be the most important thing when it comes to accomplishing anything in life. If you think you can't, then you already failed. You will learn ways to deal with stress with very simple but fun exercises.

Just by glancing through it I can see that it's not for me. I have a pinched nerve and cannot lift weights and that is what is required in this book in order to achieve my goal of getting 6 pack abs. Otherwise, it would probably be good for younger men who are healthy.

This book has a lot of great tips,i have been doing the workout for 3 weeks and i have 9 more weeks to see if this program will work for me it definetly will challenge you ,it is worth getting if you want to try a new way of working out.I like the tips on the diet,it has made me look at the way i eat differently.

I have lost a few inches around the waist and plan to continue. I enjoy most the intake and diet section, I learned allot. I found the workout section difficult without good drawings, pictures and/or

video. So my workout source is from a different source.
