Success from the Start has been the staple of our 100 hour business course for almost a year now. We are so pleased with the ease of implementing this curriculum into our 600 hour massage therapy training program. The power point presentations and lesson plan outlines that were provided to our instructor have taken our business course to the next level. The students have commented on how they actually enjoy the homework assignments because of the thorough and thought provoking nature of the exercises. Beyond teaching, as a Licensed Massage Therapist for 10 years, I found several chapters full of gems that I am experiencing the benefits of in my professional practice. Chapters 7: Your Path as an Entrepreneur and Chapter 10: Client Loyalty: Every Therapist's Pot of Gold, have to be my favorites!

This is a required book for the massage program and have learned a lot from it. I like that it tells other roles a massage therapist can be besides entrepreneur which I do like.

Very good information!

it's more for people just starting in the massage field. There's a lot of great information on how to start your business and how to choose your best path.
